

College Scholarship Program

Education is a Gift that No One Can Take Away...

Creating a Better Future, Starting Today.

Nothing is more important to our future than the children in our lives.

So how can we best support them?

Education is the key and Trivesta has a big vision: **Making quality education available to every child.** We've created the Trivesta College Scholarship Program for just that purpose.

How the Scholarship Program Works.

The Trivesta College Scholarship Program is based on a point system.

By simply being a Member of Trivesta and opening or having a savings account, you can immediately start earning Tuition Rewards Points towards a College Scholarship for a child of your choice. Each Tuition Reward Point equals \$1 in a Scholarship provided by the participating colleges.

Which Children? You Choose...

Your children, grandchildren, nieces, nephews, or even your great grandchildren and great nieces and nephews. Trivesta has partnered with the SAGE Private College & University Enrollment Consortium.

Our objective...

**Reach every child,
everywhere in America and help change
their future... Starting today!**
