

*Your Access to Quality Healthcare Whenever You Need It, Wherever You Are...*

## We've Got You Covered 24/7 - 365 days a year

Suppose you could pick up the phone and talk to a US board-certified medical provider.

Better still, suppose you could get a diagnosis for you or a loved one – and if medically necessary, a prescription instantly sent to your nearest pharmacy.

You can now with MDGo...

---

## Have a Doctor's Visit Without Leaving Home

We partner with board certified MD's, DO's, NP's and PA's that are available any hour, daytime, nighttime, weekends – even holidays.

Get treated sooner with MDGo! For common health challenges, you can consult a medical provider via phone or webcam for a diagnosis and prescription when medically necessary.

---

## MDGo Medical Providers Can Treat:

- |                                   |                                 |
|-----------------------------------|---------------------------------|
| Abrasions, bruises                | Diarrhea, vomiting, nausea      |
| Allergies, hives, skin infections | Earache, headaches, body aches  |
| Bites and stings                  | Eye infections, conjunctivitis  |
| Colds, flu and fever              | Medication refills (short-term) |
| Urinary tract infections          | arthritic pains                 |
| Sore throat, cough, congestion    | And more!                       |
